

in our villages, towns & cities

This year the Anglican, Baptist and Methodist churches in Milford have joined Christians Together in support of HOPE – a catalyst that brings churches together, in mission, to transform communities.

HOPE is based on a few simple principles:

- Demonstrating God's love as local churches work together, meeting needs in our communities
- Continuing to love and serve people whatever they choose to believe
- Inviting people to go further in their spiritual journey by sharing the gospel with words in culturally relevant ways
- Giving people opportunities to respond to the gospel, then connecting people who do respond into church life

HOPE focusses on key mission moments - a rhythm of mission through the church calendar where churches can reach out to their communities; living out God's love and making Jesus known in words and action in unity with other Christians.

HOPE is rooted and grounded in prayer and we ask everyone to pray for this initiative, that the Holy Spirit will move in this community to bless and transform lives.

The first HOPE 2018 event is on Good Friday when a 'One Friday' Art Exhibition takes place on the Green from 10am-3pm. A fuller list of current planned events can be found overleaf.

in our villages, towns & cities
